Lately Yuu has been troubled by his lover who by appearance comes across as the cool handsome type but carries within him the heart of girl. Because they're now living together, rooms are starting to filling up with stuff toys and the smallest thing sets Kure crying. His 'girly moments' are getting excessive and escalating. Finally reaching his limit Yuu suddenly starts talking about breaking up...!!

I THOUGHT

Incidents That Happened

At the beginning I thought he was such a cool guy

JUST A LITTLE

I DON'T THINK HE WOULD BE THAT DEPRESSED WHEN I SAID THAT

His death was

His death was a necessary evil about 1000

BUT LATER HE WAS GETTING EVEN MORE DEPRESSED

Showing his gentle side to me... I thought it was adorable

To be honest, I was a bit nervous about this

WHAT THE HELL

Now that I
think about it,
I've always left

I'm pretty

I used

It's not like no
one would find
his sexual points
troublesome...

That's how
it is

Before I
normally went
out with girls.

Am sure he's
serious...

What if there
is someone who
won't like me
and showed
understanding
instead.

He would ...
go to them
wouldn't he...

If he keeps quiet
for just twelve
minutes he has
the cool aura.

JUMPS

He wouldn't
